

The K-Love station is wonderful in this area. I don't know where I would be without it. I listen to it everyday to and from work. If K-Love was not on the radio, I don't know where I would be. they give the hope and courage to carry on. K-Love is important in the community because in this world that is turning away from God we need a positive radio station to spread the love of Jesus. Please do not switch to LPFM.
